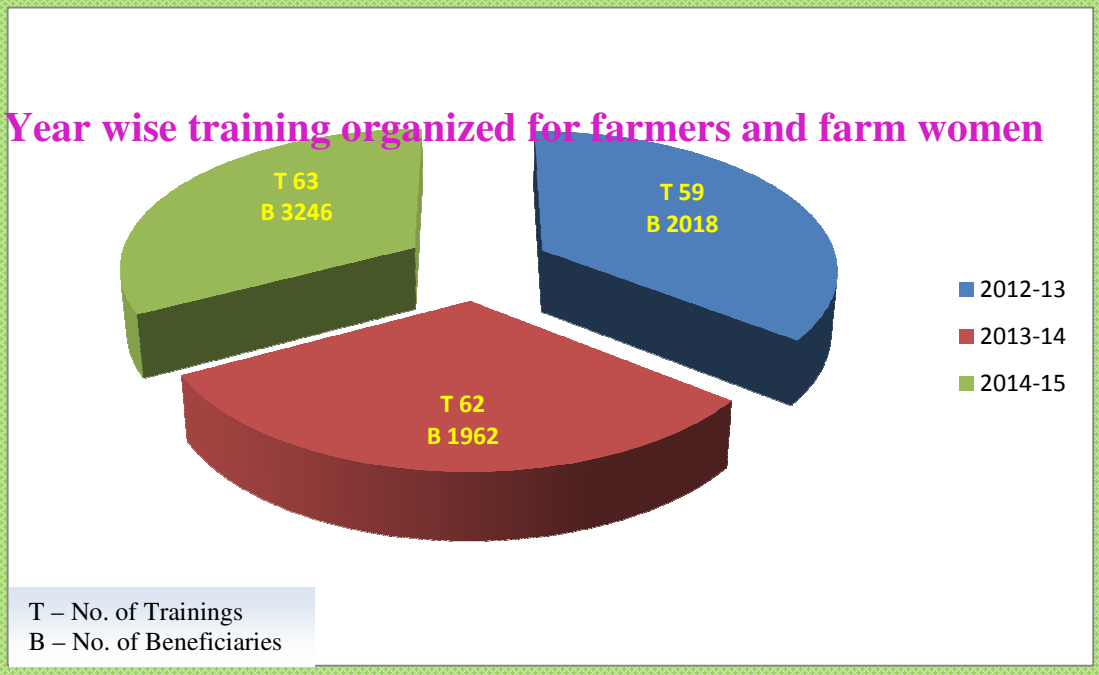
Trainings organized

As per the mandate KVK were conducted various training programmes for farmers, farm women, rural youth, extension functionaries, which was based on the principal of "learning by doing and teaching by doing"

There were 177 training programmes organized for farmers and farm women, on various aspects i.e. crop production, fruit and vegetable production, plant protection, farm mechanization, soil health, women empowerment, in which 6,234 beneficiaries participated. The trainings are need based, location specific in nature and both on-campus as well as off-campus.



Subject wise details of trainings are enclosed in annexure I
